

Austal USA to Lease San Diego Facility to Repair Navy Ships

SAN DIEGO – Austal USA received approval from the San Diego Port of Commissioners to assume the lease of Marine Group Boat Works in the Port of San Diego. Austal USA and Marine Group Boat Works are entering a 45-day exclusive period to close the agreement, the company said in a Nov. 9 release.

Austal USA will use the 15-acre site to focus on ship repair for U.S. Navy, Military Sealift Command, and U.S. Coast Guard ships. The site, immediately adjacent to U.S. Naval Base San Diego, will include a newly built dry dock designed specifically to handle small surface combatants and other small to medium size ships. Marine Group Boat Works will focus on their yacht repair business in their Chula Vista shipyard.

“This investment marks a major milestone in Austal’s focus on growing our services business and anchors our commitment to servicing Navy, Military Sealift and Coast Guard ships in the Indo-Pacific Command region. This facility expands our commitment to our customers to ensure they are receiving the Austal USA brand quality throughout the lifecycle of the ships we deliver,” Austal USA President Rusty Murdaugh said. “As the industry leader for on-schedule and on-budget delivery to the U.S. Navy, Austal USA has made continuous improvement a cornerstone of our culture and operations.”

Austal USA will establish a full-service ship repair capability providing maintenance and modernization for small surface combatants, autonomous vehicles, and other vessels. The site will include a dry dock optimized to execute availabilities on littoral combat ships and other small surface combatants. Services include technical and material support, topside work, and dry-docking availabilities.
