MANAMA, Bahrain – U.S. Coast Guard cutters assigned to the Combined Maritime Forces seized illegal drugs with a total estimated street value of \$24.5 million on Dec. 24 and Dec. 26 from vessels in the Gulf of Oman.

At approximately 2 p.m. local time (10 a.m. Greenwich Mean Time) on Dec. 24, a team from USCGC Clarence Sutphin Jr. (WPC 1147), a Sentinel-class cutter patrolling under the command of Combined Task Force 150 of the Combined Maritime Forces, boarded a dhow after it displayed several indicators consistent with illicit drug trafficking.

Aboard, the crew discovered 90 kilograms of heroin with an estimated street value of \$3.2 million.

After testing and seizing the narcotics, the team disembarked the dhow, allowing it to continue on its journey.

At approximately 5 a.m. local time (9 a.m. Greenwich Mean Time) on Dec. 26, a team from USCGC John Scheuerman (WPC 1146), a Sentinel-class cutter patrolling under the command of Combined Task Force 150 of the Combined Maritime Forces, boarded a dhow after it also displayed several indicators consistent with illicit drug trafficking.

Aboard, the team discovered 261 kilograms of methamphetamines, 2,936 kilograms of hashish, 142 kilograms of heroin and 75,000 pills with the potential to be abused as opium substitutes,

with a total estimated street value of more than \$21.3 million.

The John Scheuerman team released the dhow's crew and disposed of the illicit drugs.

The mission of Combined Task Force 150 is to disrupt the ability of non-state actors to move weapons or drugs, or engage in other illicit activities, in the Gulf of Oman, Arabian Sea and Indian Ocean.

These interdictions marked the tenth and eleventh times Combined Task Force 150 assets have seized illegal narcotics at sea since France took command in July 2023.

Combined Maritime Forces is a multinational maritime partnership committed to disrupting criminal and terrorist activities by restricting their freedom of maneuver across approximately 3.2 million square miles of international waters encompassing some of the world's most important shipping lanes.

Since 2021, units assigned to the Combined Maritime Forces have seized more than \$1 billion in illegal drugs while patrolling waters across the Middle East.
