

Coast Guard Cutter Liberty, Final Island-Class Cutter, Decommissioned After Over 35 Years of Service

From U.S. Coast Guard 17th District, April 30, 2025

ANCHORAGE, Alaska – The Coast Guard decommissioned Coast Guard Cutter Liberty (WPB 1334) during a ceremony in Valdez, Tuesday.

“This decommissioning marks the end of an era for the Coast Guard,” said Cmdr. Jordan Bogosian, a former Commanding Officer of Liberty and the ceremony’s presiding official. “I am proud of Coast Guard Cutter Liberty and her faithful service to our nation for more than three decades.”

Commissioned on December 19, 1989, Liberty was the 34th Island-Class cutter to join the fleet and the final Island-Class cutter to be decommissioned from Coast Guard service.

Liberty is a 110-foot, Island-Class patrol boat, a multi-mission platform that conducted operations to support search and rescue response, marine environmental protection, and national defense.

The Coast Guard is replacing the aging Island-Class patrol boats with Sentinel-Class Fast Response Cutters (FRCs) which feature enhanced capability to meet service needs. There are currently four FRC's homeported in Alaska, with two more scheduled for delivery in the near future.

"It has been a profound honor to serve as the final commanding officer of USCGC Liberty," said Lt. D. Toler Alexander, Commanding Officer of Liberty. "I am incredibly proud of this crew and all they have accomplished. LIBERTY leaves behind a legacy of over 35 years of exceptional service to the people of the United States and the great state of Alaska. I would like to extend my heartfelt gratitude to the communities of Valdez – and Auke Bay before it – for their unwavering support and for being such welcoming homeports to the cutter and her crew."
