GROTON, Conn. – General Dynamics Electric Boat, a business unit of General Dynamics, was awarded a modification of the previously awarded U.S. Navy contract for engineering, technical, design and planning yard support for operational strategic and attack submarines, the company announced in an Aug. 12 release.

The contract modification has a value of \$236,182,606 million. Work will be performed in Groton, Connecticut; Kings Bay, Georgia; Bangor, Washington; Pearl Harbor, Hawaii; North Kingston, Rhode Island; and Newport, Rhode Island, and is expected to be completed by September 2023.

“The shipbuilders of Electric Boat are proud to continue our role providing lifecycle maintenance and modernization support to the U.S. Navy’s operational submarine fleet in keeping with our mission to provide sailors with the advantage that helps protect our nation,” said Kevin Graney, president of General Dynamics Electric Boat.

General Dynamics Electric Boat designs, builds, repairs and modernizes nuclear submarines for the U.S. Navy. Headquartered in Groton, Connecticut, the company employs approximately 18,000 people.
