

General Dynamics Electric Boat Awarded \$533 Million for Virginia-Class Submarine Support

Virginia-class attack submarine. *GENERAL DYNAMICS* GROTON, Conn. – General Dynamics Electric Boat, a business unit of General Dynamics, announced Oct. 6 it was awarded a U.S. Navy contract modification for lead-yard support, development studies and design efforts related to Virginia-class attack submarines.

The contract modification has a value of \$532.9 million. Work will be performed in Groton, Connecticut, and Newport News, Virginia, and is expected to be completed by October 2023.

“We are proud to continue to support the design and engineering of Virginia-class submarines to ensure they have the superior warfighting capabilities the U.S. Navy needs to defend our Nation,” said Kevin Graney, president of Electric Boat. “The continued evolution of the Virginia class over the last two decades guarantees our sailors the asymmetric advantage they deserve.”

General Dynamics Electric Boat designs, builds, repairs and modernizes nuclear submarines for the U.S. Navy. Headquartered in Groton, the company employs approximately 18,000 people.
