

# March 27 Red Sea Update

From U.S. Central Command, March 27, 2024

TAMPA, Fla. – Between 2:00 and 2:20 a.m. (Sanaa time) on March 27, United States Central Command successfully engaged and destroyed four long-range unmanned aerial systems (UAS) launched by Iranian-backed Houthi terrorists in Yemen. These UAS were aimed at a U.S. warship and engaged in self-defense over the Red Sea. There were no injuries or damage reported to U.S. or coalition ships.

It was determined these weapons presented an imminent threat to merchant vessels and U.S. Navy ships in the region. These actions are taken to protect freedom of navigation and make international waters safer and more secure for U.S. Navy and merchant vessels.
