TAMPA, Fla. – At approximately 10:47 a.m. (Sanaa time) on May 6, 2024, U.S. Central Command (USCENTCOM) forces successfully engaged and destroyed one uncrewed aerial system (UAS) launched by Iranian-backed Houthi terrorists over the Red Sea.

It was determined the UAS presented an imminent threat to U.S., coalition forces, and merchant vessels in the region. These actions are taken to protect freedom of navigation and make international waters safer and more secure for U.S., coalition, and merchant vessels.
