ARLINGTON, Va. – The U.S. Navy plans to deactivate or transfer eight ships during fiscal 2026, including two warships and six auxiliary ships, the service said in a Sept. 12 internal message to the force.

The navy plans to deactivate two Los Angeles-class attack submarines, USS Newport News (SSN 750) on Jan. 31, 2026, and USS Alexandria (SSN 757) on Aug. 4, 2026. The two submarines will be scrapped in Puget Sound Naval Shipyard, Washington.

Two Henry J. Kaiser-class fleet replenishment oilers will be withdrawn from service with Military Sealift Command by July 31, 2026. USNS John Ericsson (T-AO 194) will be retired but retained as a logistics support asset as a parts source for remaining ships of its class. USS Pecos (T-AO 197) will be transferred to the Maritime Administration (MARAD).

Three Watson-class large, medium-speed roll-on/roll off ships will be transferred from the Military Sealift Command's Prepositioning Force: USNS Pomeroy (T-AKR 316) by Apr. 1, 2026; USNS Watkins (T-AKR 315) by July 1, 2026; and USNS Red Cloud (T-AKR-313) by Sept. 30, 2026.

Also being transferred to MARAD on July 1, 2026, is the USNS VADM K.R. Wheeler (T-AG 5001), a ship which uses an offshore petroleum distribution system to pump fuel ashore from a distance of eight miles to U.S. forces ashore.
