From U.S. 2nd Fleet, May 7, 2025

NORFOLK, Va. – Arleigh Burke-class guided missile destroyer USS Forrest Sherman (DDG 98) departed Naval Station Norfolk for a scheduled deployment on May 6, 2025.

USS Forrest Sherman (DDG 98) departed Norfolk as part of the Gerald R. Ford Carrier Strike Group (CSG-12) for a scheduled deployment to the U.S. 5th Fleet area of operations. The deployment will underscore the U.S. Navy's commitment to maritime security and stability in the region.

“Our crew has relentlessly prepared for this deployment and are ready for any challenge we may face; I could not be more proud to lead these Sailors on deployment,” said Cmdr. Andrew Darjany, commanding officer of Forrest Sherman. “Thank you to our families and the Norfolk community for your support as we

head out to sea.”

Forrest Sherman’s last deployment was in 2022, when they served as the flagship for Standing NATO Maritime Group Two and operated in the European theater. As the flagship, Forrest Sherman led a multinational maritime group in operations throughout the Mediterranean Sea, ensuring security and stability in the region while supporting deterrence and defense of NATO territory. The ship conducted five multinational exercises with NATO Allies and partners, strengthening relationships with these critical allies and partners and reinforcing the U.S. commitment to the NATO Alliance and to the region.

“The Sailors of USS Forrest Sherman are headed to do our nation’s work at sea,” said Rear Adm. Paul Lanzilotta, commander of CSG-12. “The combat capabilities that this ship brings to a fight will be ready whenever tasked to deter, and if necessary, defeat, aggression in defense of America’s interests around the world.”

“Relentless Fighting Spirit,” Forrest Sherman’s motto, highlights the crew’s commitment to their mission and to the U.S Navy and our Allies and partners. Commissioned on January 28, 2006, USS Forrest Sherman is named in honor of Adm. Forrest Sherman, the 12th Chief of Naval Operations.

U.S. 2nd Fleet, reestablished in 2018 in response to the changing global security environment, develops and employs maritime ready forces to fight across multiple domains in the Atlantic and Arctic in order to ensure access, deter aggression and defend U.S., allied, and partner interests.
